

ORION Community Training

What is ORION Community Training?

ORION Community Training is a shared service connecting ORION's constituents to cost-effective certified workshops and professional development opportunities. We procure, manage, and deliver training and professional development in response to the needs and priorities of Ontario's research, education, and innovation community.

Community Benefits and Impact

ORION Community Training will support you to:

- **Fill cybersecurity skills gaps** through certified cybersecurity training and cybersecurity awareness training
- **Increase organizational capacity** through business and technical skills training for IT staff
- **Enhance sector capacity** through collaboration, network building, and knowledge sharing
