ORION

ORION HELPS RESEARCHERS, EDUCATORS AND INNOVATORS DISCOVER AND COLLABORATE

Powerful Partner

More than two million researchers, scientists, faculty, teachers, students and others rely on ORION.

Fibre Optic Network. Fast, reliable connection to education, research and advanced computing resources. Robust and scalable infrastructure.

Shared IT Services. Premium products and services. Enhanced performance. Scalable. No additional connectivity required. 100% Canadian. Best of breed. Affordable.

Internet Access. Reliable Internet service from a trusted partner. Competitive pricing for both urban and rural communities.

ORION unleashes the power of collaboration across Ontario to deliver solutions that work today and build the intelligent communities of tomorrow.

Commitment. ORION's solutions are shaped by our community.

Value. As an advocate and non-profit, ORION advises on and delivers cost-effective solutions to advance Ontario's innovation economy.

Community. Building on a uniquely strong network of peers, we tackle problems that cannot be solved in isolation.

SOUTHLAKE REGIONAL HEALTH CENTRE installed an ORION Point-of-Presence to support advanced health care research and intelligent community growth for the region.

SUPERIOR NORTH CATHOLIC DISTRICT SCHOOL BOARD uses ORION partner to back up mission-critical educational applications and domain controllers with redundancy and resiliency.

GEORGIAN COLLEGE optimizes their ORION connection by adding Internet access, giving students the power they need to research, collaborate and learn.
